10.1 Sunshine Coast Grammar School
Mr Parsons reported on the Principal's appeal in the district court against the Board of Teacher Registration's decision about his registration with a decision expected by the end of April. Mr Vogler advised that the Crown Solicitor had offered to develop a framework to assist the Board in considering the suitability of governing bodies, taking account of technical issues such as positive notices, the composition of governing bodies, proprietorship of schools, the appointment of directors, the performance of a governing body on the basis of their actions or lack of actions. He noted that the Crown Solicitor expected to be able to provide material for consideration at the May meeting. Mr Vogler reported on a delegation to Mr Peter Wellington MP that has formalised complaints about the school.
Resolved to take action regarding the suitability of the governing body under section 40(2) and to seek advice from the Crown Solicitor about how to proceed.

	Members noted the Board's resolution (utilising section 123(6)) at 2 May 2003 to: (a) obtain a report from assessors under section 62 as to whether the school is complying with the
	accreditation criteria; (b) appoint Mr Don Langdon and Dr Murray Evans as assessors, for the
	period up to and including 31 July 2003; and (iii) utilise Mr Langdon and Dr Evans in the Board's
	current section 40 investigation of the school's governing body.
	The Board considered the tabled letter dated 10 April 2003 (with attachments) from
	Ms Leigh Tabrett, Assistant Director-General, Department of Education. The attachments consist
	of a series of documents received by her from Mr Peter Wellington MP, Member for Nicklin.
	Mr Vogler informed Members that he was continuing to liaise with the Crown Solicitor on this
	matter, and a meeting was planned for 9 May 2003 between himself, Professor Webb, Crown Solicitor Conrad Lohe, Ms Cherie Watt of Crown Law, and the Board's two assessors, for the
	purposes of briefing the assessors about their task and to resolve any outstanding questions they
	may have. Members noted that the Assessors had issued a section 152 Notice of Entry to the
	school's governing body to enter the school on 16 May 2003 and 21 May 2003, and the Minister
	was contemplating making a Ministerial Statement to the House sometime before 16 May 2003.

1. WELCOME, APOLOGIES AND CONFIRMATION OF AGENDA

The Chair opened the meeting at 4.35 pm.

2. ITEMS FOR DISCUSSION

2.1 Sunshine Coast Grammar School – consideration of assessors' report on compliance with accreditation criteria

The Chair noted that the options available to the Board were: to take no action; to seek further information; to issue a compliance notice; or to issue a show cause. The Act also appeared to enable the Board to issue a show cause notice for some criteria and a compliance notice for others.

Following discussion, members agreed that the issue of the school's financial viability was of great concern and that it would therefore be appropriate to issue a show cause notice on the basis of the information provided in regard to this criterion. The Board also considered the link between financial viability and other accreditation criteria, particularly those relating to school resources, specifically staffing, land and buildings, facilities and educational materials.

The Board sought clarification of information under Item 3.7.1 Historical Financial Data, from one of the assessors, Mr Don Langdon, by telephone during the meeting. The following corrections were made: The introductory sentence was amended to read 'The financial statements from 2001 and 2002, together with the management financial reports for December 2002 and March 2003 show the following ...'; and the right column heading changed to 2001.

The Board considered the means of transmitting its decision to the governing body of the school. In the interim, the Chair proposed that the Board meet with the Chair of the governing body in a 'without prejudice' discussion to clarify recent initiatives undertaken by the governing body and possible future directions for governance and ownership of the school.

Resolved to:

a) endorse a 'without prejudice' conference between Professor Webb and the Chair of the school's governing body prior to issuing the show cause notice;

NSSAB 8A/03

Page 1

- b) issue a show cause notice to the governing body of Sunshine Coast Grammar School proposing to cancel the school's accreditation for failing to comply with the accreditation criteria relating to:
 - i) financial viability;
 - ii) staffing;
 - iii) land and buildings; and
 - iv) educational facilities and materials;
- issue a compliance notice to address matters relating to the following accreditation criteria:
 - i) written processes about the conduct of staff and students; and
 - ii) written processes about improvement processes for the school; and
- d) have drafts of the show cause and compliance notices emailed to members prior to their being sent.
- 2.2 Sunshine Coast Grammar School consideration of suitability of governing body

Mr Vogler tabled a paper from the assessors and provided an explanation for its consideration after other matters relating the school had been considered. The information in the letter had arisen from the assessors' information gathering on compliance with accreditation criteria.

Mr Vogler clarified the issues that may be considered in determining the suitability of a school's governing body based on the advice of Crown Law. These consisted of technical grounds such as those relating to incorporation, the possession of blue cards, criminal offences, etc, as defined in the Act; the composition of the board in terms of the range and balance of expertise of directors; the structural relationships relating to ownership and the independence of control of the governing body; and the performance of the governing body, including any action or lack of action that had an effect on the sound operation of the school.

The Board considered the information relating to the suitability of the governing body provided in the letter. The Chair noted that the performance of the governing body in handling what could otherwise be a financially viable school was unsatisfactory. Lack of financial viability could be attributed to performance in regard to a number of factors including the perceived conflict of interest of some directors and the creation of a climate of fear.

Matters considered in discussion included the honouring in practice of the not-for-profit declared status of the school, with the Board noting that the governing body appeared to be running a business without adequate contractual arrangements, especially in relation to its authorisation of money flowing to the owners of the school. Other matters considered in relation to the performance of the governing body included the quality of its external and internal communication and apparent inaction in regard to sexual harassment complaints.

Resolved to:

- a) issue a show cause notice to the governing body of the school proposing to cancel the school's accreditation on the ground that it was no longer suitable to be the school's governing body; and
- b) have a draft of the show cause notice emailed to members prior to its being sent.

7 ITEMS FOR DISCUSSION

7.1 Sunshine Coast Grammar School

Mr Vogler referred to an informal request to the Board from Mr Malcolm McColm, Chair of the school's governing body, seeking a meeting with the Board, the assessors and representatives of the Commonwealth Bank and to outward correspondence declining the request. He also reported on a meeting with Mr Greg Wanchup and Mr Ross Patane from William Buck, representing the shareholders, and the Director-General and provided information on the response to the advertisement for the sale of the school.

Mr Vogler noted that a board meeting to consider the response to the show cause notice had been tentatively scheduled for 20 November 2003 and suggested setting a date in December for a further meeting on Sunshine Coast Grammar School if needed.

Discussion focussed on the need to consider the nature of protected information in relation to board decisions; the triggers that would enable the bank to intervene in the school; the issue of suitability as raised in the advertisement and a tabled information sheet outlining board requirements, *Suitability of Governing Bodies*, that had been

NSSAB 11/03

developed by the Office. The Chair noted that the opinion on suitability from Crown Law had yet to be considered in detail by the Board.

Mr Vogler noted that the information sheet was an attempt to satisfy the requests for information from prospective purchasers of the school regarding their ability to comply with the suitability requirements. He foreshadowed amendments to the Act to address matters in relation to administrative and governance arrangements in schools and noted that such amendments might incorporate elements currently contained in the information sheet.

Resolved to:

- a) note the information sheet on Suitability of Governing Bodies and the possible need to amend the Education (Accreditation of Non-State Schools) Regulation 2001 in relation to accreditation criteria for schools' administration and governance arrangements;
- b) review the information sheet when matters relating to those criteria were being addressed; and
- c) set Thursday, 18 December 2003 as the tentative date for a further meeting on Sunshine Coast Grammar School.

7. ITEMS FOR DISCUSSION

7.1 Sunshine Coast Grammar School

The Chair outlined the actions available to the Board in responding to the submission from the school's governing body. He noted that the Board had responsibilities in regard to the groups who would be affected by its actions. He also observed that the Board had no role in the commercial processes for the sale of the school but would have regard to the outcomes of those processes.

The Board began its consideration of the responses from the school's governing body to its compliance and show cause notices. Mr Vogler reported on oral advice from the Maroochydore Shire Council about compliance with land use legislation in relation to emergency access to the school.

Resolved to:

s73

- a) formally acknowledge receipt of the responses to the Board's compliance and show cause notices;
- b) continue consideration of the responses at subsequent meetings; and
- c) seek written confirmation from the Maroochydore Shire Council of its advice in relation to the emergency access to the school.

news Willia gener gover of the Board gover for-pr	ogler referred members to articles on the school running in the Sunshine Coast Daily paper and provided information on a recent meeting between Mr Greg Wanchup from m Buck and parents regarding potential buyers of the school. The Board considered ral issues relating to ownership and governance as they pertain to non-state schools, runnent practice regarding the provision of capital grants to non-state schools, the nature school's agreement with the Commonwealth Government, the actions available to the d in terms of cancellation of accreditation, the school's compliance with local runnent land use requirements and the desirability of obtaining legal advice about not-rofit status. Mr Vogler agreed to provide details of the nature of the Commonwealth's ement with the school at the next meeting.
next r	Board agreed to give further consideration to the Sunshine Coast Grammar School at its meeting on 18 December 2003. It noted Mr Vogler's advice that the process for the sale school was expected to be substantially concluded by that date.

7. ITEMS	FOR DISCUSSION
7.1 Sunshi	ine Coast Grammar School
The Board exp	pressed satisfaction that all outstanding concerns from the show cause notice had
now been add clear and help	fressed. Members found the information provided by the school's governing body ful. The Board acknowledged that the school's written processes for the conduct of ents were not compliant with recent legislative changes.
Resolv	
a)	congratulate the governing body on the quality of the information provided;
b)	agree that the governing body had satisfactorily addressed all outstanding matters in the show cause notice; and
c)	advise the governing body that the separate contact would be made by the Office to address inadequacies in the schools written processes for the conduct of staff and students.
