

Legislative background

The *Education (Accreditation of Non-State Schools) Act 2017* (the 'Accreditation Act') and the *Education (Accreditation of Non-State Schools) Regulation 2017* (the 'Accreditation Regulation') establish a legislative framework for accreditation and eligibility for government funding of Queensland non-State schools.

The Accreditation Act provides for the establishment of the Non-State Schools Accreditation Board (the 'Board'). The Board is an independent statutory authority that regulates non-State schooling in Queensland. Its responsibilities include making decisions on the accreditation and eligibility for government funding of non-State schools and changes in accreditation attributes of non-State schools, as well as monitoring governance arrangements and compliance with accreditation criteria.

The Accreditation Act requires the Board to make a decision on an application within six months of lodgement. If the Board requires further time to consider an application, the Board and applicant can agree to extend the time needed to make a decision. Applicants must take this into account when proposing student-intake days to allow sufficient time for consideration of this application. *Therefore, the student-intake day should not be less than six months from the lodgement date.*

The Board may require an applicant to provide further information or documents to support an application.

If accreditation is granted, a school must comply with the accreditation criteria from the school's student-intake day for each type of education. The Board will conduct an initial assessment of the school commencing within 6 months after the student-intake day for the type of education.
